Help Mimpi be a hero by manipulating his dreams - move obstacles to help Mimpi get through the levels, solve puzzles and help Mimpi communicate with the creatures in his dreams. If you have any problems, we will appreciate your feedback on info@dreadlocks.cz. Thanks for the support! Reviews:TouchArcade 4/5: Mimpi Dreams, nipple, is a cute, slightly short puzzle-platformer with inspired art design and excellent controls. Pocket Gamer 8/10: I play it all with a smile on my face. It's a joyous experience... Harry SlaterAppAdvice 4.5/5: Mimpi Dreams is an uplifting puzzle platformer for all. AppSpy: Mimpi Dreams is full of beautiful ideas, beautiful graphics and characters that you will love. Picked by the Telegraph for the best series of mobile games in 2016.Follow usPoster fan Mimpi on Facebook and get the latest updates:www.facebook.com/TheRealMimpi - Memory Optimization- Downloading Optimization- Fixed other small problems on Mars level- Tweaks in the first five levels- Fixed pair of problems with achieved Fix missing Achievements in Game Center.- Fixed 95% of the pas on old iOS devices. They say he doesn't wake up sleeping dogs, but poor Mimpi had a very strange dream. From In the forests to dangerous, broken waters, the only similarity between Mimpi's dream landscapes is how fun they are to navigate. Each level is filled with puzzles to solve and environmental objects to fiddle with. You will knock down the electrical lines, steer the clouds, push your suitcases and (of course!) collect bones on your exciting journey on your dream journey. Okay, so I bought this game because it was free for the week. Well happily he got me for free because this could be the best game I've ever downloaded and have downloaded over 100 games. I recommend this game to people who love platformer games and logical games! Buy it while it's free is totally worth it. Remember, you have to be quick. It's not that hard, but at some points it can become incredibly challenging, but it has a very good story and has every thing you need in a fun game. Music, costumes and other fun things I don't want to spoil. In the turn of the year, it's the best game of the year or decades or centuries or millennia. Peace out.Ⓚ I downloaded the original Mimpi for free during the promotion and absolutely loved it. It was weird, atmospheric, challenging and cute. It was something else. No need to say as soon as I saw this in the App Store I bought it at full price. In retrospect, that purchase was made mostly to reward developers for their first effort as for this one. He's still cute, but that's all. The atmosphere is still a little strange, but the challenge is gone. This great sense of adventure has been replaced by simple, elemental puzzles, which are clearly aimed at eliminating criticism that the first title was too difficult. I thought the developers were very brave for the first time, but as soon as I started this title and heard the joyous music, I knew something was off. I suppose the people who first tried this game and loved it will come back and try first and be stupid in the bizarre and the challenge. But it seems to me that the developers have gone halfway here, instead of going all the way in strange or child-friendly directions, and thus give away a lot of people. And come on, what's the point of collecting bones if virtually none of them are hidden? I don't understand. Next time bring the challenge back! The developer, Silicon Jelly s.r.o., did not provide details of its privacy practices and data handling for Apple. For more information, see the developer's privacy policy. The developer will have to provide privacy details when submitting the following app update. Developer Website App Support Privacy Policy Prague, Czech Republic-09/25/2018FOR IMMEDIATE RELEASEDreadlocks Mobile is pleased to announce the publication of the long-awaited new episode for Mimpi Dreams on Steam (PC/Mac/Linux), Android and iOS along with the release of a game update containing a number of improvements and add-ons. It's an attempt to revive the game after the original team behind Mimpi Dreams, Silicon Jelly, completed its operation 2016. His main team of designers has developed this new episode under the auspices of Dreadlocks Mobile.Premium's new episode of MARS Mimpi's new episode, The Dream of Mars, is a true tribute to this resurrection. The total is greater than all previous levels. Bigger than all the mims of dreams. It is made of thousands of graphic means and hundreds of sounds, contains new stories, new puzzles and hidden areas. Once the game is updated, this new episode becomes available to buy directly from the game's main menu. Free to play the model on Android and PC For two years Android players begged to change the monetization model mimpi Dreams. The free players only had two lives to finish level, or they had to start over unless they bought unlimited lives. This new update has replaced this with an episodic model. The first five episodes are now completely free and the only thing players need to buy are new levels. The same model was used for the computer version on Steam.Free on the AppStore for a limited time. To celebrate this great update, we are giving Mimpi Dreams for free even to Apple users for a limited time. This 100% discount sale will last only a few days. The new game update also includes:New costumes for Mimpi and the challenges to get them New SoundtrackFree iStickers with Mimpi for Apple usersMa bugfixs and improved games is available on PC, Android and iOS O Mimpi DreamsMimpi Drams is a casual game about a lazy doggy who becomes a superdog in his dreams. This game was played by 2.5M players worldwide and has been awarded several times for best casual puzzle/platformer. Released on iOS, Android, Amazon, Apple TV, Steam – Windows /Mac/Linux and new platforms are on the way. About Dreadlocks MobileDreadlocks Mobile, originally called Silicon Jelly, is from successful creative agency Prague Bistro, in 2011. The studio has created hugely popular Mimpi and Mimpi Dreams games, which have already played more than 3.5 million games. The studio also created a series of 'Little Mole' games for children and a casual action game Bugocalypse. In February 2017, Silicon Jelly acquired Dreadlocks Ltd and turned into a new Dreadlocks Mobile. The purpose of this reworked studio is to maintain and further develop Mimpi Dreams, as well as the production of high-level new mobile titles.
